11-20-9G DLA AVIATION NOTE TO 52.211-9000 GOVERNMENT SURPLUS MATERIAL
(JUL 2002)

For electronic quotes, if the information requested by Clause 52.211-9000 (Section I) cannot be submitted with your offer, it must be submitted off-line to the contracting officer prior to the solicitation closing date.

Awards citing origin inspection that authorize the furnishing of surplus material will contain a Quality Assurance Provision (QAP) S01 in lieu of the QAP (if any) specified in this solicitation. If destination inspection will apply to the award, the QAP cited in the purchase order text will apply.

A copy of surplus QAP S01 is available on the DLA Aviation Acquisition
Reference List, Section 2 <http://www.aviation.dla.mil/userweb/dscrbat/qaps.htm>

11-20A-9G DLA AVIATION NOTE TO 52.211-9000 GOVERNMENT SURPLUS MATERIAL
(JUL 2002)

SURPLUS MATERIAL IS ACCEPTABLE. Clause 52.211-9000 (Section I) restates information provided by the successful offeror in its offer.

If origin inspection is cited for this award, Quality Assurance Provision (QAP) S01 and any supplemental requirements as specified in the award apply.

If destination inspection is cited for this award, QAP S01 does not apply. Applicable QAP, if any, will be as cited in the PID.

A copy of surplus QAP S01 is available on the DLA Aviation Acquisition
Reference List, Section 2 <http://www.aviation.dla.mil/userweb/dscrbat/qaps.htm>

52.211-9G11 COMPLIANCE WITH SPECIFICATIONS (FEB 1996)

Where items are described in the Schedule of this solicitation by detailed specifications, any reference by the offeror to brand or trade names or model numbers or to bid or offer samples not solicited by this solicitation will be assumed to mean that the item so referenced conforms to the specification or will be modified to conform to the specification, unless it is clear from the offer or the accompanying papers that the offeror intends to qualify the offer. Products delivered under any resulting contract shall conform to the specifications cited in this solicitation.

52.211-9G73 PACKAGING AND MARKING AND REQUIREMENTS (MAR 2004)

(a) Unless stated otherwise, commercial packaging in accordance with ASTM-D-3951 is required for CONUS

shipments from the contractor directly to the customer. Commercial packaging and marking is not sufficient for vendor shipments requiring movement through the Defense Transportation System (also referred to as the Military Distribution System or DLA Depot) as the shipment could ultimately be moved via Military Air.

(b) Higher level packaging in accordance with MIL-STD-2073 is mandatory for all shipments that meet the below criteria:

- Movement through the Defense Transportation System including shipments to a Military Distribution facility or depot.
- OCONUS shipments
- FMS shipments
- Hazardous material, as cited in the AID or in the Quality Requirements Matrix.

(c) Materials not considered as HAZMAT for CONUS or OCONUS commercial air shipments may be considered HAZMAT for MILAIR shipments OCONUS. As such, contractors/shippers shall ensure that material meeting HAZMAT definitions in DLAI 4145.3, Preparing Hazardous Materials for Military Air Shipment, is packaged in accordance with that instruction when the consignee is OCONUS and the shipment will be moved through the Defense Transportation System.

(d) All items shall be marked in accordance with MIL-STD-129P. Hazardous items and shelf life items, as cited in the AID or in the Quality Requirements Matrix, shall be marked in accordance with MIL-STD-129P and the appropriate clauses cited in the appendix to the matrix and the contract. The contractor is required to package material in accordance with Quantity Unit Pack (QUP), specified in MIL-STD-2073 and the Unit of Issue (UI), specified in each delivery order. A packing slip shall be located in a plastic pouch on the outside of the package. For HAZMAT destined OCONUS, a hard copy of the Material Safety Data Sheet (MSDS) must also be included.

(e) In the event of deployments, this clause may be invoked when shipments originally destined for a CONUS location are diverted to OCONUS destinations thereby necessitating movement of the material through the Defense Transportation System. In such an event, contractors will be notified by the Contracting Officer and an equitable adjustment will be made in the contract price as deemed appropriate.

NOTE: Applicable to negotiated solicitations. Offers that do not comply with the packaging and marking requirements as specified in Section D of this solicitation may be subject to rejection as being technically unacceptable.

52.215-9G06 EVALUATION AND AWARD (MAY 2011)

(a) AWARD. The Government intends to evaluate proposals and, if necessary, conduct discussions with all responsible offerors within the competitive range. The award will be made to the offeror whose proposal conforms to the terms and conditions of the solicitation and represents the best value to the Government. Therefore, award may be made to other than the lowest priced or the highest technically rated offer.

(b) RELATIVE IMPORTANCE AND TRADE-OFFS. The Government will base the determination of best value on a comparative assessment of the offerors' prices, past performance, and the other evaluation factors identified

CONTINUATION SHEET	REFERENCE NO. OF DOCUMENT BEING CONTINUED: SPE4A6-15-Q-0794	PAGE 5 OF 23 PAGES
--------------------	--	--------------------

elsewhere in this solicitation. The determination of best value also considers the relative importance of the evaluation factors. All evaluation factors, when combined, are:

- ☐ significantly more important than cost or price. As other evaluation factors become more equal, the evaluated cost or price becomes more important.
- ☒ approximately equal to cost or price; or
- ☐ significantly less important than cost or price. As the evaluated cost/price becomes more equal, relative importance of all other evaluation factors becomes more significant.

The final award decision may involve a trade-off among cost or price and the non-price factors. Factors that may be considered in the trade-off process include, but are not limited to:

- Item criticality and weapons system application
- Current inventory status
- Historical delivery or quality problems
- Concerns over limited supply sources and industrial base
- Benefits from obtaining new sources

(c) COST OR PRICE. The Government will evaluate the offered cost or price. The Government will add any other cost or price evaluation factors identified elsewhere in this solicitation (e.g. Buy American Act or FOB Origin transportation costs) to arrive at the offeror's evaluated cost or price. The evaluated cost or price will be used in conjunction with the other non-price factors to determine the best value to the Government.

(d) PAST PERFORMANCE. Past performance includes, but is not limited to, the offeror's record of conforming to contract requirements and standards of good workmanship; adherence to contract schedules, including the administrative aspects of performance; the offeror's reputation for reasonable and cooperative behavior and commitment to customer satisfaction; and generally, the offeror's business-like concern for the customer's interest.

(i) The Automated Best Value System (ABVS) or the Past Performance Information Retrieval System - Statistical Reporting (PPIRS-SR), as applicable, will be used to evaluate quality and past performance on DLA awards (see 52.215-9022).

(ii) In addition, offerors may submit with their offer information on past and current Federal (non-DLA Aviation), State and local government and private sector contracts performed by the offeror at the proposed performance location within the last three years that are similar in nature to this acquisition. Offerors electing to submit this data must furnish at least the following information: name and address of the contracting entity; the contract number; award and completion dates; the dollar value; the contract type; the items or services provided; two references, with title and phone number; and any problems encountered and the corrective action taken by the offeror.

(iii) By submitting past performance information, the offeror agrees to permit the Government's representatives to contact the listed references and inquire of the offeror's performance. If more than three contracts are identified, the Government reserves the right to randomly select and limit its review to three

contracts. In addition to the information provided, the Government may consider information obtained from other sources when evaluating the offeror's past performance. Offerors will be given the opportunity to discuss negative past performance information obtained from references if the offeror has not had a previous opportunity to comment on that information.

(iv) Offerors with no past performance history (whether internal or external to the Federal government) will not be evaluated favorably nor unfavorably.

(e) PAST PERFORMANCE EVALUATION FACTORS. The Government will use the past performance evaluation factors marked below in addition to cost or price and other evaluation factors specified in the solicitation. Unless indicated otherwise, past performance is significantly more important than other non-price factors. Within the past performance subfactors, ABVS scores/PPIRS assessments (as applicable) will be weighed most heavily. Historical quality history and delivery schedule compliance (not captured in ABVS/PPIRS) will be weighed more heavily than the remaining past performance subfactors. All other non-price evaluation factors specified in this solicitation weigh equally, unless otherwise indicated.

- ☒ ABVS Score/PPIRS-SR Assessments
(52.215-9022)
- ☐ PPIRS-RC Assessments
- ☐ Historical Quality (not captured in ABVS/PPIRS)
- ☐ Historical Delivery Schedule Compliance (not captured in ABVS/PPIRS)
- ☐ ABILITYONE (52.215-9005)
- ☐ Mentoring Business Agreements (MBA)
(52.219-9003)
- ☐ Socioeconomic Support (52.215-9003)
- ☐ Other (specify):

52.215-9G06 ALT I EVALUATION AND AWARD (MAY 2009)

(e) QUOTED DELIVERY. The Government will evaluate the offeror's compliance with the delivery schedule specified in the solicitation. Quoting a greater number of days delivery than requested under the solicitation will result in the quote being evaluated less favorably than a quote meeting the requested delivery schedule. There will be no evaluation preference for offered delivery which is earlier than the requested delivery schedule.

(f) NON-PRICE FACTORS. Quoted delivery and past performance will be evaluated equally, unless indicated otherwise below.

- ☐ Quoted Delivery is weighed more heavily than past performance.
- ☒ Past Performance is weighed more heavily than quoted delivery.
