SECTION A

solicitation or discussion.

If you anticipate quoting on a solicitation after the closing date, please submit a DIBBS quote with a bid type of "No Bid" and place an anticipated quote date or the reason you are not willing to quote. This does not prevent you from submitting an actual quote on DIBBS at a later date. It will overlay your previous no quote. This informs buyers of your intention to quote and prevents multiple calls for updates and cancelling of requirements assumed to be non-procurable due to no quotes/sources. The submission of an anticipated quote date does not preclude DLA from making an award to another acceptable timely offer.

All offerors are requested to respond to this solicitation with quantity pricing ranging from 50% (rounding up) to 300% of the quantity stated in the solicitation. The actual quantity awarded will be based on current requirements at time of award. For example, if the solicited quantity is seven units, the Government requests quantity pricing between four and twenty-one units.
