EVALUATION AND AWARD (FEBRUARY 2013)

- (a) AWARD. The Government intends to evaluate proposals and, if necessary, conduct discussions with all responsible offerors within the competitive range. The award will be made to the offeror whose proposal conforms to the terms and conditions of the solicitation and represents the best value to the Government. Therefore, award may be made to other than the lowest priced or the highest technically rated offer.
- (b) RELATIVE IMPORTANCE AND TRADE-OFFS. The Government will base the determination of best value on a comparative assessment of the offerors' prices, past performance, and the other evaluation factors identified elsewhere in this solicitation. The determination of best value also considers the relative importance of the evaluation factors. All evaluation factors, when combined, are:
  - [ ] significantly more important than cost or price. As other evaluation factors become more equal, the evaluated cost or price becomes more important.
  - [X] approximately equal to cost or price; or
  - [ ] significantly less important than cost or price. As the evaluated cost/price becomes more equal, relative importance of all other evaluation factors becomes more significant.

The final award decision may involve a trade-off among cost or price and the non-price factors. Factors that may be considered in the trade-off process include, but are not limited to:

Item criticality and weapons system application Current inventory status Historical delivery or quality problems Concerns over limited supply sources and industrial base Benefits from obtaining new sources

- (c) COST OR PRICE. The Government will evaluate the offered cost or price. The Government will add any other cost or price evaluation factors identified elsewhere in this solicitation (e.g. Buy American Act or FOB Origin transportation costs) to arrive at the offeror's evaluated cost or price. The evaluated cost or price will be used in conjunction with the other non-price factors to determine the best value to the Government.
  - (d) PAST PERFORMANCE. Past performance includes, but is not limited to, the offeror's record of

conforming to contract requirements and standards of good workmanship; adherence to contract schedules, including the administrative aspects of performance; the offeror's reputation for reasonable and cooperative behavior and commitment to customer satisfaction; and generally, the offeror's business-like concern for the customer's interest.

- (i) The Automated Best Value System (ABVS) or the Past Performance Information Retrieval System Statistical Reporting (PPIRS-SR), as applicable, will be used to evaluate quality and past performance on DLA awards (see 52.215-9003 or 52.215-9022).
- (ii) In addition, offerors may submit with their offer information on past and current Federal (non-DLA Aviation), State and local government and private sector contracts performed by the offeror at the proposed performance location within the last three years that are similar in nature to this acquisition. Offerors electing to submit this data must furnish at least the following information: name and address of the contracting entity; the contract number; award and completion dates; the dollar value; the contract type; the items or services provided; two references, with title and phone number; and any problems encountered and the corrective action taken by the offeror.
- (iii) By submitting past performance information, the offeror agrees to permit the Government's representatives to contact the listed references and inquire of the offeror's performance. If more than three contracts are identified, the Government reserves the right to randomly select and limit its review to three contracts. In addition to the information provided, the Government may consider information obtained from other sources when evaluating the offeror's past performance. Offerors will be given the opportunity to discuss negative past performance information obtained from references if the offeror has not had a previous opportunity to comment on that information.
- (iv) Offerors with no past performance history (whether internal or external to the Federal government) will not be evaluated favorably nor unfavorably.
- (e) PAST PERFORMANCE EVALUATION FACTORS. The Government will use the past performance evaluation factors marked below in addition to cost or price and other evaluation factors specified in the solicitation. Unless indicated otherwise, past performance is significantly more important than other non-price factors. Within the past performance subfactors, ABVS scores/PPIRS assessments (as applicable) will be weighed most heavily. Historical quality history and delivery schedule compliance (not captured in ABVS/PPIRS) will be weighed more heavily than the remaining past performance subfactors. All other non-price evaluation factors specified in this solicitation weigh equally, unless otherwise indicated.

- (a) Route domestic shipments within mail limitations as follows based on the transportation priority (TP) reflected in the "mark for" data with each contract line item number (CLIN). Commercial small parcel carrier (e.g., United Parcel Service (UPS) or Federal Express) is an acceptable mode of shipment to domestic addresses.
- (1) Ship all NMCS, 777, and 999, regardless of TP or distance, by commercial small parcel carrier.
- (2) Ship TP 1 and 2 (IPD 01-08) by priority mail or most economical comparable mode.
- (3) Ship TP 3 (IPD 09-15) and all stock locations (not TP coded) by surface parcel post (Fourth Class) or most economical comparable mode.
- (4) The cost of parcel post insurance will not be paid by the Government.
- (b) Freight instructions (domestic).
- (1) Ship all NMCS, 777, and 999, regardless of TP or distance by commercial small parcel carrier.
- (2) For TP 1 and 2 (IPD 01-08) weighing under 250 pounds, use air freight and specify air on the invoice. Exceptions: if destination is within 600 miles of origin, use regular surface transportation.
- (3) For all other freight shipments, contact the cognizant transportation officer for delivery and carrier routing instructions.
- (4) Advance telephonic notice of delivery must be given by the carrier to the consignee's transportation officer (transport control/prelodge desk) at least 24 hours prior to delivery of freight shipments (other than small parcels). Bills of lading must be annotated to reflect this requirement. Addresses for direct shipments within the contiguous United States (CONUS) and Canada are shown "in the clear" with each individual CLIN on schedule continuation sheet(s) in each order. Addresses for stock shipments are shown with each individual CLIN on schedule continuation sheet(s) in each order. (End of Clause)

#### **SECTION H - SPECIAL CONTRACT REQUIREMENTS**

#### 52.246-9039 REMOVAL OF GOVERNMENT IDENTIFICATION FROM NON-ACCEPTED SUPPLIES (NOV 2011) DLAD

- (a) The Contractor shall remove or obliterate from a rejected end item and its packing and packaging, any marking, symbol, or other representation that the end item or any part of it has been produced or manufactured for the United States Government. Removal or obliteration shall be accomplished prior to any donation, sale, or disposal in commercial channels. The Contractor, in making disposition in commercial channels of rejected supplies, is responsible for compliance with requirements of the Federal Trade Commission Act (15 United States Code (U.S.C.) 45 et seq.) and the Federal Food, Drug and Cosmetic Act (21 U.S.C. 301 et seq.), as well as other Federal or State laws and regulations promulgated pursuant thereto.
- (b) Unless otherwise authorized by the Contracting Officer, the Contractor is responsible for removal or obliteration of government identifications within 72 hours of rejection of nonconforming supplies including supplies manufactured for the Government but not offered or supplies transferred from the Government's account to the cold storage Contractor's account at origin or destination. (For product rejected at destination and returned to the Contractor's plant, the 72 hour period starts with the time of Contractor receipt of returned product). After removal or obliteration is accomplished and prior to disposition, the Contractor must notify the Government inspector.

  - (1) "Defense items," defined in the Arms Export Control Act, 22 U.S.C. 2778(j)(4)(A), as defense articles, defense services, and related technical data, and further defined in the ITAR, 22 CFR Part 120.
  - (2) "Items," defined in the EAR as "commodities", "software", and "technology," terms that are also defined in the EAR, 15 CFR 772.1.
- (b) The Contractor shall comply with all applicable laws and regulations regarding export-controlled items, including, but not limited to, the requirement for contractors to register with the Department of State in accordance with the ITAR. The Contractor shall consult with the Department of State regarding any questions relating to compliance with the ITAR and shall consult with the Department of Commerce regarding any questions relating to compliance with the EAR.
- (c) The Contractor's responsibility to comply with all applicable laws and regulations regarding export-controlled items exists independent of, and is not established or limited by, the information provided by this clause.
- (d) Nothing in the terms of this contract adds, changes, supersedes, or waives any of the requirements of applicable Federal laws, Executive orders, and regulations, including but not limited to—
  - (1) The Export Administration Act of 1979, as amended (50 U.S.C. App. 2401, et seq.);
  - (2) The Arms Export Control Act (22 U.S.C. 2751, et seq.);
