quotes. Solicitations which are manually evaluated and awarded at

increased quantities may be awarded based on the price break information

submitted with the offeror's original quotation without further

solicitation or discussion.

If you anticipate quoting on a solicitation after the closing date,

please submit a DIBBS quote with a bid type of "No Bid" and place an

anticipated quote date or the reason you are not willing to quote. This

does not prevent you from submitting an actual quote on DIBBS at a later

date. It will overlay your previous no quote. This informs buyers of

your intention to quote and prevents multiple calls for updates and

cancelling of requirements assumed to be non-procurable due to no
